

Montebello Vic.no 31.07.2019

BHIL/ Frigorifero Redentor Group is not a supplier of Conceria Cristina neither for a spot business of 99 tons (2017-2018), and we don't even find them in our records.

A quantity of 99 tons any case represent less than 0,001% (of our supply chain in a year) in our yearly purchases.

We are LWG rated company and we use preferential suppliers among LWG. We have requested, since 2000, to all our supplier a self declaration that they are not sourcing in MATO GROSSO AREA or in any AREA critical for deforestation issue.
