Dear Meagan Barrera and Christen Dobson,

RE: Oxfam / “Open letter in support of meaningful Company Expectations for EITI Supporting Companies”

Thank you for your enquiry in relation to the open letter published by Oxfam on their website and directed to certain Extractive Industries Transparency Initiative (EITI) Board Members, including Trafigura, as well as US-listed EITI Supporting Companies.

Trafigura continues to engage within the EITI Board, and more widely, on refinements to strengthen the EITI's Expectations for Supporting Companies. Such conversations are ongoing and we look forward to reaching consensus between government, civil society and companies on the details of revised Expectations in the near future.

Yours sincerely,

James Nicholson
Head of Corporate Responsibility
