

“Carrefour’s Response”, 12 July 2022

We have already stopped working with the two mentioned units: *Twinkle Light Fashion Co. Ltd* and *Myanmar Guotai Huasheng Glory Fashion Co. Ltd*. This commercial decision was taken before the dates of the mentioned allegations of social violations against the workers. Moreover, these two units were audited socially by an independent third-party company, without any critical findings / issues. Carrefour commitment is to ensure the strict respect of human rights and good safety conditions in all the production units.
