

“LPP S.A.’s response”, 7 July 2022

We have been observing the situation in Burma with concern for over a year and a half.

We are in contact with other brands and we try to monitor the situation in the factories.

However, due to the lack of a local office, we rely on information from our suppliers.

Analyzing the data you have sent I can confirm that we do have cooperation with 3 or the 4 factories you mention.

1. Unifa Handbag
2. Myanmar Bestex
3. Huiyuan

Having checked all the allegations you mention in below e-mail **I have decided to run a thorough and urgent external 3rd party audit in all 3 factories.**

The process has already started, therefore as soon as I receive more information I will get back to you immediately.
