Thank you for passing on the letter from Crude Accountability, addressed to our Chairman, Helge Lund. In response to your letter, please find below a statement from bp.

We do not typically comment on the legal / judicial processes in the countries in which we operate unless in respect of our activities. In the matter of Dr. Ibadoglu, we are very sorry to hear of his medical condition and hope the situation is resolved swiftly, in accordance with international human rights norms as well as national laws.

Thank you again for your communication; bp will continue to engage constructively in discussion with BHRRC.
