Rio Tinto has engaged in detail and in good faith with the authors of this rejoinder on these issues. We respectfully disagree with many of the statements made, including about our commitment to the UN Guiding Principles on Business and Human Rights (UNGPs) which are the foundation of our Group-wide human rights program. Rio Tinto continues to make progress in implementing the UNGPs across our operations and maintains a fundamental respect for the human rights of everyone with whom we interact.

Please see attached our previous response to these matters. Any civil society organization that has a legitimate interest in our operation at QMM and would like to learn more about the facts and issues under discussion, please contact [civilsociety@riotinto.com](mailto:civilsociety@riotinto.com).
