STATEMENT ON BANGLADESH

Mango always gives the priority of worker well-being in the factories and with this aim Mango CSR department continuously monitor the compliance on Mango Code of Conduct through third party audits. As an additional measure, Mango has developed a training program in the supply chain organizing workshops to factory managers as a due diligence mechanism and focused on main observed needs in each of the countries. Last one in Bangladesh was held in May 2018 and it is expected another one along this present year.

Mango believes in peaceful dialogue between factory workers and factory owners to resolve any dispute. As a signatory of the Transition Accord in Bangladesh we are conscious of the situation within the sector in this country. Besides, Mango signed an agreement with the main trade union in Spain, CC.OO. – Industry, who belongs to IndustriALL Global Union to strengthen and protect the rights of the workers.

Mango will continue being alert about the matter and working to protect workers' rights and fight against any measure or situation which prevent them from those.
