

Response of Musim Mas to the video documentary “Sumatra Burning: The Heart of Palm Oil”

5 October 2015

Business & Human Rights Resource Centre invited Musim Mas to respond to:

- “Sumatra Burning: The Heart of Palm Oil”, Coconuts Singapore, 24 Sept 2015
<http://singapore.coconuts.co/2015/09/24/sumatra-burning-heart-palm-oil>

Musim Mas responded with the following statement:

We share the same sentiments, especially the concerns raised in this video regarding the third party suppliers who are found burning. Please find our response to the haze crisis on our corporate website: <http://www.musimmas.com/news/general-news/2015/collective-action-needed-to-tackle-the-haze-crisis>

At Musim Mas, we are firmly committed to our Sustainability Policy, which is anchored by the three pillars of No Deforestation, No Peatland and No Exploitation. Our Sustainability Policy extends to our third party suppliers too.

We are monitoring the situation closely, awaiting the official confirmation from the authorities on the companies which are found guilty of starting the fires, before taking any action on our third party suppliers.
